SPRING

Digital Water Purifier S218

Real Time Water Tracker

Introducing Hyflux premium **SPRING Digital Water Purifier S218**, which features an innovative in-built micro-turbine technology with smart digital flow rate monitor to track the amount of water that you drink daily. It monitors the remaining cartridge lifespan, and alerts you when you need to replace your filter cartridge.

Improve your home environment with our high performance nanofibre technology which effectively traps sediments & bacteria, reduces chlorine, solid contaminants, bad taste and odour up to 2000 litre capacity.

The display is battery operated, with an automatic power-off function.

-  **Monitors Digitally**
-  **Blocks Sediments & Suspended Solids**
-  **Traps Bacteria**
-  **Effectively Reduces Chlorine**
-  **Retains Beneficial Minerals**
-  **Improves Taste & Removes Odour**
